# APPLIED ANALYSIS

15

Applied Analysis (“AA”) was retained by Las Vegas Realtors to summarize and analyze a series of key economic indicators. Relevant data were obtained from AA’s internal databases as well as national, regional and local data providers, including, without limitation, state and local governments. Visitor volume and other tourism-related data are sourced to the Las Vegas Convention and Visitors Authority. While we have no reason to doubt the accuracy of any of the data reported, we have not performed an audit or assurance procedures on these data, and as such, we cannot attest to their completeness. Generally speaking, data reported are for Nevada, Clark County, or the Las Vegas metropolitan area. Please note that these geographies may differ slightly between data providers.
